

2771-696

Enclosed is a Certificate of Correction submitted under the provisions of 35 U.S.C. §254, to correct errors of the Patent and Trademark Office in the printing of the above-identified U.S. Patent.

In addition to the errors of the Patent and Trademark Office, a review of the patent has revealed the presence of errors attributable to applicants/patentees, which however are of a minor and self-evident character, as listed below:

Column 8, line 35, "With regards to" should be -- With regard to --.

Column 15, line 64 (claim 22), "and about 400°C" should be -- to about 400°C --.

Column 15, line 67 (claim 23), "and about 2 Torr" should be -- to about 2 Torr --.

Column 16, line 25 (claim 32), "ruthenium oxides and second" should be -- ruthenium oxides, and the second --.

Column 17, line 59 (claim 59), "and about 340°C" should be -- to about 340°C --.

Column 17, line 62 (claim 60), "and about 8 Torr" should be -- to about 8 Torr --.

Column 18, line 6 (claim 64), "and about 340°C" should be -- to about 340°C --.

While the foregoing errors attributable to applicants/patentees are not of a serious enough nature to warrant a Certificate of Correction, applicants/patentees nevertheless wish to bring same to the attention of the Patent and Trademark Office, so that such errors are made of record in the file of this patent.

Respectfully submitted,

Steven J. Hultquist
